**Field Trip Dates: Saturday 3<sup>rd</sup>, Sunday 4<sup>th</sup> and Monday 5<sup>th</sup> July 2010.**

Please be advised that the cost for this field trip **does not include** airfares. Qantas, Jetstar and Virgin Airlines fly direct from Brisbane to Cairns. We recommend that you travel from the Gold Coast to Brisbane Airport via Airtrain. Tour can only proceed if minimum numbers are reached, please be sure to book refundable/ flexible airfares.

On the first day we will visit the Daintree lowlands (Australia's largest remaining area of lowland tropical rainforest) and this component will include a visit to the Australian Canopy Crane Research Facility, near Cape Tribulation. On the second day we will visit the Atherton Tablelands, inland from Cairns, a highland area where many cool adapted plant and animal species are threatened by climate change. If time permits, we may go night spotlighting for rare nocturnal possums and tree Kangaroos at a nearby forest site. On the final day we will visit the Ma Mu Canopy Walk near Innisfail and this will provide an opportunity to inspect a recovering rainforest canopy that was severely impacted by Cyclone Larry four years ago.
